stories

Lavoriamo da oltre quarant'anni nel settore rubinetteria con professionalità ed esperienza nel costante impegno di produrre rubinetti di alta qualità, dal design moderno e dal sicuro riconoscimento come prodotti made in Italy. Situata a Gozzano, località alle porte del Cusio, la ditta Vicario Armando s.r.l., opera da anni nella produzione di rubinetteria per cucina e bagno con una gamma articolata di prodotti che va dai moderni miscelatori monocomando dal design giovane e funzionale alle più classiche linee old fashion dal gusto retrò. La grande esperienza maturata in oltre quarant'anni di lavoro, le avanzate tecnologie produttive e i due moderni stabilimenti che occupano una superficie di 10.000 metri quadrati, ci hanno permesso di ottenere un costante e crescente successo su tutti i mercati nazionali ed esteri. Tutto questo a riconoscimento di un prodotto di sicura qualità, progettato e prodotto interamente in Italia da personale qualificato. Tutta la nostra produzione è realizzata in ottemperanza delle più severe norme di controllo vigenti nei più importanti paesi Europei. Il nostro ciclo produttivo prevede severi controlli in ogni sua fase al fine di ottenere un prodotto sicuro in grado di miscelare acqua per anni senza problemi. Esperienza, serietà e professionalità sono le caratteristiche su cui basiamo il nostro lavoro, che in questi anni ci hanno permesso di crescere e ottenere grandi successi di vendita: ecco perchè da anni diciamo che i nostri prodotti sono...

di casa nelle case del mondo.

WRAS
APPROVED
PRODUCT

Un rubinetto Armando Vicario è un prodotto originale del design made in Italy, frutto di ricerca e di anni di esperienza, sinonimo di qualità e di sicurezza per il cliente.

Armando vicario taps are an original product of the made in Italy design: the result of long-term investigation and experience, synonym of quality and safety for the customer.

product

We have been working since more than forty years in the taps and fitting field, using professionalism, experience and constant engagement to produce high quality taps, from a modern design and reliable identification mark of made in Italy. Situated in Gozzano, a small town just outside of the Cusio area, the company Vicario Armando s.r.l. has been working since years in the production of kitchen and bathroom taps with an articulated product range, starting from modern single lever mixers in a young and functional design to the most classic old fashion line. The big experience completed in more than forty working years, the advanced production technologies and two modern plants, which take up a surface area of 10.000 square meters, allowed us to obtain a constant and growing success on all the national and international markets, thus recognizing the reliable quality product, completely planned and produced in Italy by skilled staff. All our production has been realized in compliance with the most severe legal control rules in the most important European countries. Our production cycle provides serious controls during each phase, in order to obtain a safe product able to mix water for years without any problems. Experience, seriousness and professionalism are the basic characteristics of our job, which during these years allowed us to grow and to obtain great sales successes: that's the reason why we say that our products are since years...

**...at home in the house
all over the world.**

think GREEN

everything that we need for our survival and well-being depends on our natural environment. To pursue sustainability is to create and maintain the conditions under which humans and nature can exist in productive harmony to support present and future generations.

VISIT WWW.VICARIOARMANDO.COM

GO SUSTAINABLE

sustainability involves production methods that are healthy, do not harm the environment, respect workers, are humane to animals, provide fair wages to workers, and support the whole communities.
