

LABGLASSFIBER

The waterproof wall covering

LABGLASSFIBER

The waterproof wall covering

LABGLASSFIBER. Parato in fibra di vetro apprettato, ordito con finitura a trama stretta indicata per ambienti umidi come bagno, box doccia, spa, oltre a situazioni dove l'igiene è fondamentale. Particolarmente indicato per essere utilizzato tra basi e pensili come schienale di una cucina grazie ad una importante resistenza al calore. Per ogni applicazione dovranno essere utilizzati adesivi e impermeabilizzanti specifici.

LABGLASSFIBER. *Glassfiber covering with narrow plot finishing is suitable for inner spaces and all damp locations: bathroom, shower, spa, so as for every location where hygiene is extremely important. It is also perfect as kitchen back between bases and cabinets, or for medical locations, such as clinics and hospitals. External use is also possible (for all applications specific glue and waterproof need to be used).*
